## 15. Security Export Control

Nagasaki University conducts security export control based on the "Foreign Exchange and Foreign Trade Act", so that learning and research done by foreign students does not obstruct the keeping of international peace and security. Thereby, please bear in mind that applicants may be asked to make changes to the contents of their desired learning. For further details, please make enquiries to the department.

## 16. Long-Term Course System

The long-term course system can be used if a student plans to take a course over a period of time that exceeds the term of the standard course due to circumstances that make it difficult to complete the course in the standard amount of time (e.g. having an on-going profession).

A person eligible for the long-term course system will pay the total amount of tuition fees equally divided over the long-term course period. The amount is equal to the total amount of tuition paid for the standard course.

Those eligible for the long-term course system are assumed to fall under any of the following circumstances where learning would be difficult within the timeframe of the standard course term.

- (1) anyone who has an occupation or is actively working.
- (2) anyone engaged with household duties, childcare, nursing care, etc.
- (3) anyone with disabilities.
- (4) anyone with other equivalent reasons.

\*Please note that occupations such as a part-time job do not meet the criteria for the above system.

For further details, please make enquiries to the administration office.
